Dear Members of the Japan Academy for Asian Market Economies

The 28th National Research Convention  
Chairperson: Xianghua Jiang (Kyoto Women's University)

## **The 28th National Convention of Japan Academy for Asian Market Economies: Information and Call for Papers**

Dear Members,

We hope all our members are having a happy new year. We are pleased to announce that The 28th National Convention of Japan Academy for Asian Market Economies will be held in 2024 under the unifying theme of "Symbiosis Between a Radically Changing World and Asian Economies".

The coronavirus disaster, Russia's invasion of Ukraine, the clash between Israel and Hamas, etc., the confrontation between China and the U.S., and the rise of the Global South have drastically changed the shape of the world economy, which has affected the state of the Asian economy.

Therefore, we invite members to approach the "Symbiosis Between a Radically Changing World and Asian Economies" from various angles related to Asian market economics and present new theories and methods for practical application. Through active discussions with the participating members, we hope to contribute to the further development of this conference.

Last but not least, as the organizing committee of this conference, we firmly expect many conference participants and active presentations.

Yours truly
